

## **CREATING A “MAIN STREET” FOR THE ARMADALE COMMUNITY**

As your Councillor, I am actively pursuing with Council the concept of developing a “Main Street” for Ward 7. Currently, the Armadale area lacks a community focus. Our goal is to create an attractive commercial area for residents of Ward 7.

To this end, the Town of Markham is undertaking a study to develop an urban design vision for the lands on both sides of Markham Road between 14<sup>th</sup> Avenue and Steeles Avenue. Markham Road at Steeles Avenue is a prominent entrance into the Town from the south, which should be reflected in improved streetscaping and landscaping.

The Town of Markham recognizes the value of obtaining the input of residents. I have decided to seek help from citizens directly. **I invite all residents and business owners who want to help refine the concept of a “Main Street” in the Armadale community to attend a workshop led by our urban design consultants. The workshop is scheduled as follows:**

**Date:** Wednesday, June 19, 2002
